An ARRL Special Service Club

WDØDVG Repeater 146.16/76

MEETING NOTICE

This month we go back to the second Tuesday of the month. The next CMRA meeting will be May 11 at Boone Electric Co-op at 7:00 PM.

The minutes of the last club meeting were not available at press time.

The big news at the next meeting will undoubtedly be how the hamfest was. Preparations are being made now, but by the time you receive this, it will all be over.

The program for the next meeting will be on packet radio, given by NØFPE and NØLBA.

STOLEN:

Tim Raymer, KA00UV reports a Kenwood TM 221A 2meter rig, and a TM 321A 220 rig stolen in late March. Since all the repeaters were programmed in, please don't discuss this on the air, but if you find them on the market, contact Tim at 635-0634 or 893-7200 (Work).

DUES

Dues were payable at the beginning of the year. If you still haven't paid your club dues, please try to get to it at the club meeting. The new roster of paid members will be printed up this month.

SURPLUS GEAR

Bids were accepted for the surplus gear at the last meeting. There weren't many takers:

NØUAE got a box of tubes.

WMØH got a heathkit VSWR bridge.

NØOLS got a heathkit frequency counter.

NØREF got a home built SWR bridge.

WYØB got a heathkit DX100 Transmitter, a small triplite VOM and an EMC 700 TV color bar generator.

WMØY got the other triplite VOM. Everything else still remains as of now, but is going to the hamfest.

Since the last meeting the 2m antenna was installed at the red cross, and CMRA packet station is using it. WØZLN is up and running on 145.01 at the EOC. Those of you using packet should check it out.
