\* The following excerpts are from comments by Dale Bagley, KØKY MO SM, in the December 2010 Missouri Section News.

I'm sure that everyone knows by now that I was re-elected as the Missouri Section Manager. My goals for the Missouri Section in the new term are the same as they have always been; to promote Amateur Radio, encourage membership in the ARRL and serve the membership and Affiliated Clubs of the Missouri Section to the best of my ability. I would like to thank all those that voted in the Missouri Section election this year. It is important that the desires of the MO Section membership be known and I can think of no better way to do that than by holding an election in which all members can have a voice. I appreciate the show of support for my efforts and the message I received from the ARRL

membership was to keep working hard and continue to be responsive to the needs and suggestions...

It is with much regret that I have to announce that Dennis Gedeon, KBØNHW will be stepping down effective December 15, 2010 from the MO Section Emergency Coordinator position. Dennis has served as the SEC for almost 2 ½ years and has accomplish much during that time....

It is with great pleasure I have nominated Kenneth Baremore WØKRB of Battlefield, MO to serve as the MO Section Emergency Coordinator position. Ken is an excellent candidate for the SEC position because of his outstanding record as the District "D" District Emergency Coordinator and EC for Green County. The appointment is expected to take effect on December 16, 2010...I know that all MO ASEC, EC, AEC, DEC, ADEC, OES, and ARES members will be supportive of our new SEC...

I'm glad to announce that after several years the Missouri Section will have a State Government Liaison. Norm Lampton, KCØFNA, of Columbia, MO has been appointed to that position. Mr. Lampton has his own law office in Columbia, MO and is very knowledgeable of legal matters...It's great to have Norm on board as our newly minted SGL. You can e-mail him at [kc0fna@arrl.net](mailto:kc0fna@arrl.net)
